A TRENDY LUXURY

Who Are We?

INTRICATE DESIGNS

Intricate Designs is one of the fastest growing interior design firms in Nigeria. We have a team of professional, energetic, talented and experienced designers and managers who have a knack for quality and eye for detail. Our team takes pride in creating luxurious, innovative homes, offices, hotels, etc that have very intimate connections to our clients. We understand that each project has its own specific needs, budget and a level of quality with the work involved. Each project begins with a personalized concept that directly correlates to the needs of our clients and their individual style. We

rely on our professional knowledge and advanced experience in the design field to walk our clients through the process of interior remodeling, new construction, and interior finishing with exceptional customer service.

At Intricate Designs, we guide our clients through a flawless and timely execution of any residential, office, hotel interior design. We deliver on authentic style for our clients' spaces and are passionate to offer turnkey design services to a luxury, high-end clientele.

best furniture and accessories for homes,
workplaces and public spaces
all over Nigeria.

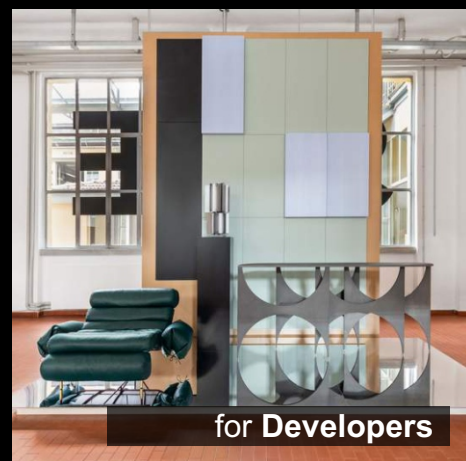

SERVICES

for Private Clients

for Architects

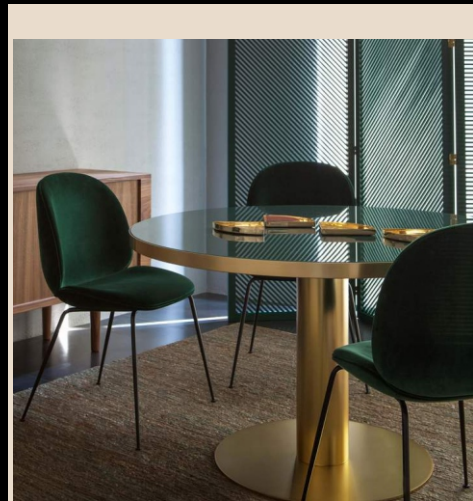

for Developers

Services for Private Clients

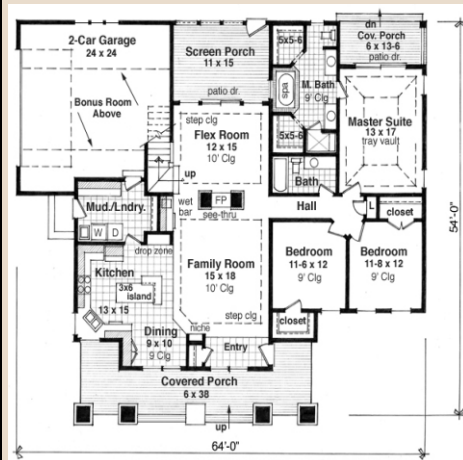

A space that looks like you.

We always start with you, your passions and your needs.
Then we think about the right project to make the new home of your dreams come alive.

You go first.

During our first meeting we listen to your needs and get as much information as we can. Once you're done, we'll explain our vision of how we might help and talk you through the next steps.

Trust us to take care of everything.

We start with a floorplan to help us, and you, familiarise with the space. We understand more about your tastes and come up with interior solutions and products that we believe best interpret them.

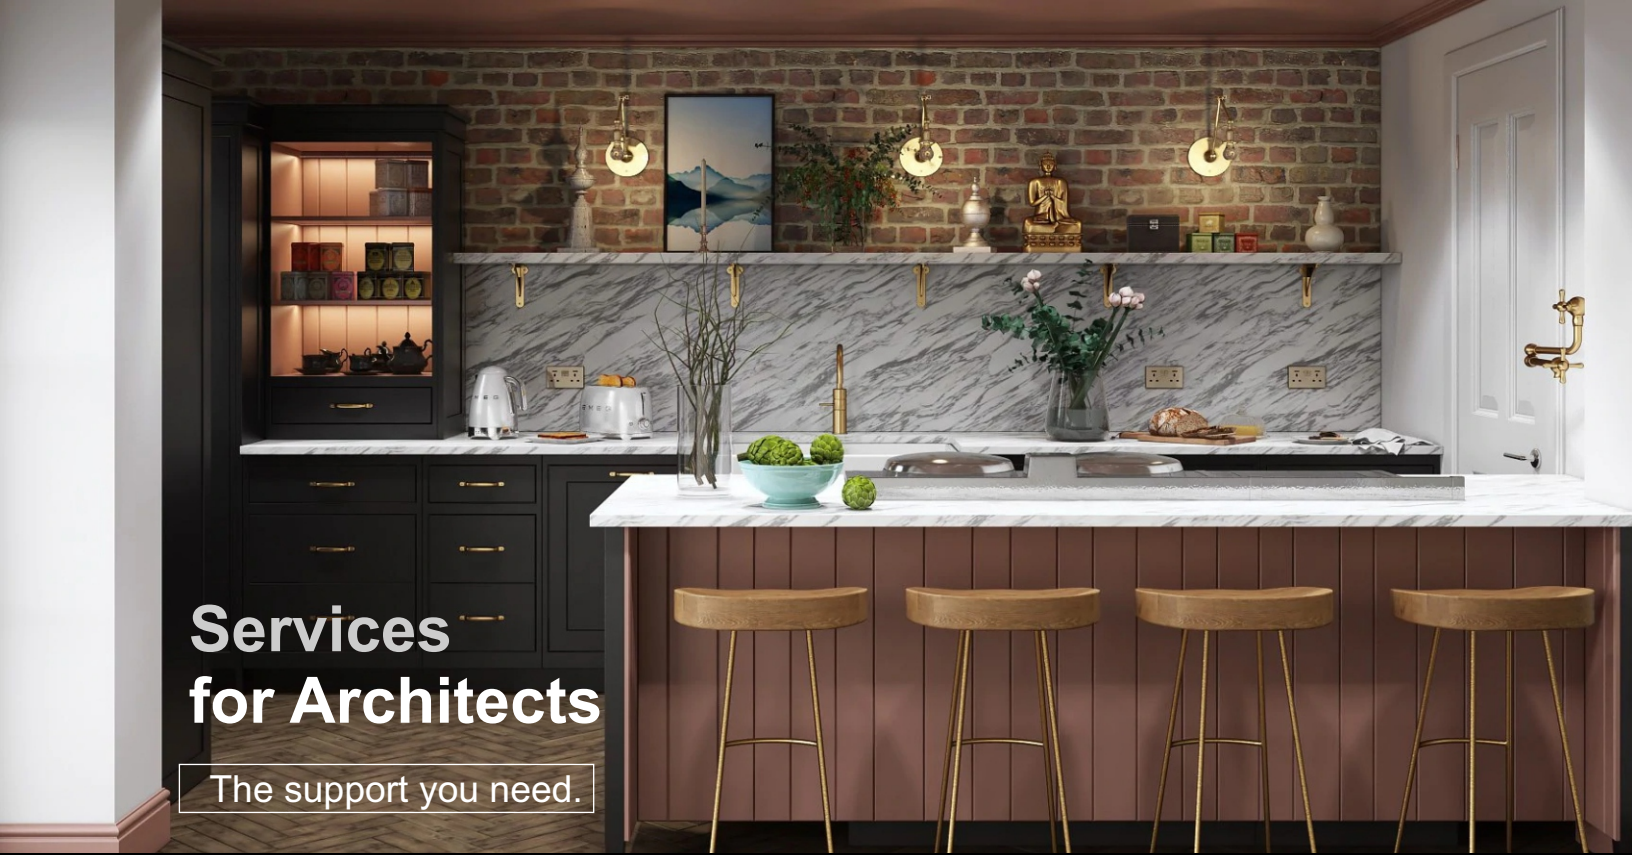

Here you are.

We provide you with a complete, integrated and 100% customised project featuring built-in solutions (kitchen and wardrobes), furniture, wall and floor coverings, lighting and styling (art, accessories, decoration). We keep track of our spending throughout the process so that we stay within budget.

Bye for now!

Once everything is defined and approved, we place the orders, follow the shipping and oversee the fittings. We offer specified warranty on products, along with the original info sheet and certificate of origin. Should anything come up, you know where to find us.

Services for Architects

The support you need.

We too are architects and designers, and know just how much work is involved in the design of a home or its interiors. That's why we're able to offer you the support you need.

We help you find the right products.

Aside from our stores, we have a virtual showroom and online store that showcase the results of our research, combining iconic companies and emerging brands. We also work with a range of talented craftspeople and design makers to offer our clients bespoke and made-to-measure products.

We make your life easier.

A one-stop-shop that takes care of everything – getting quotes, placing orders, relationships with craftspeople – within budget and to the agreed timeline.

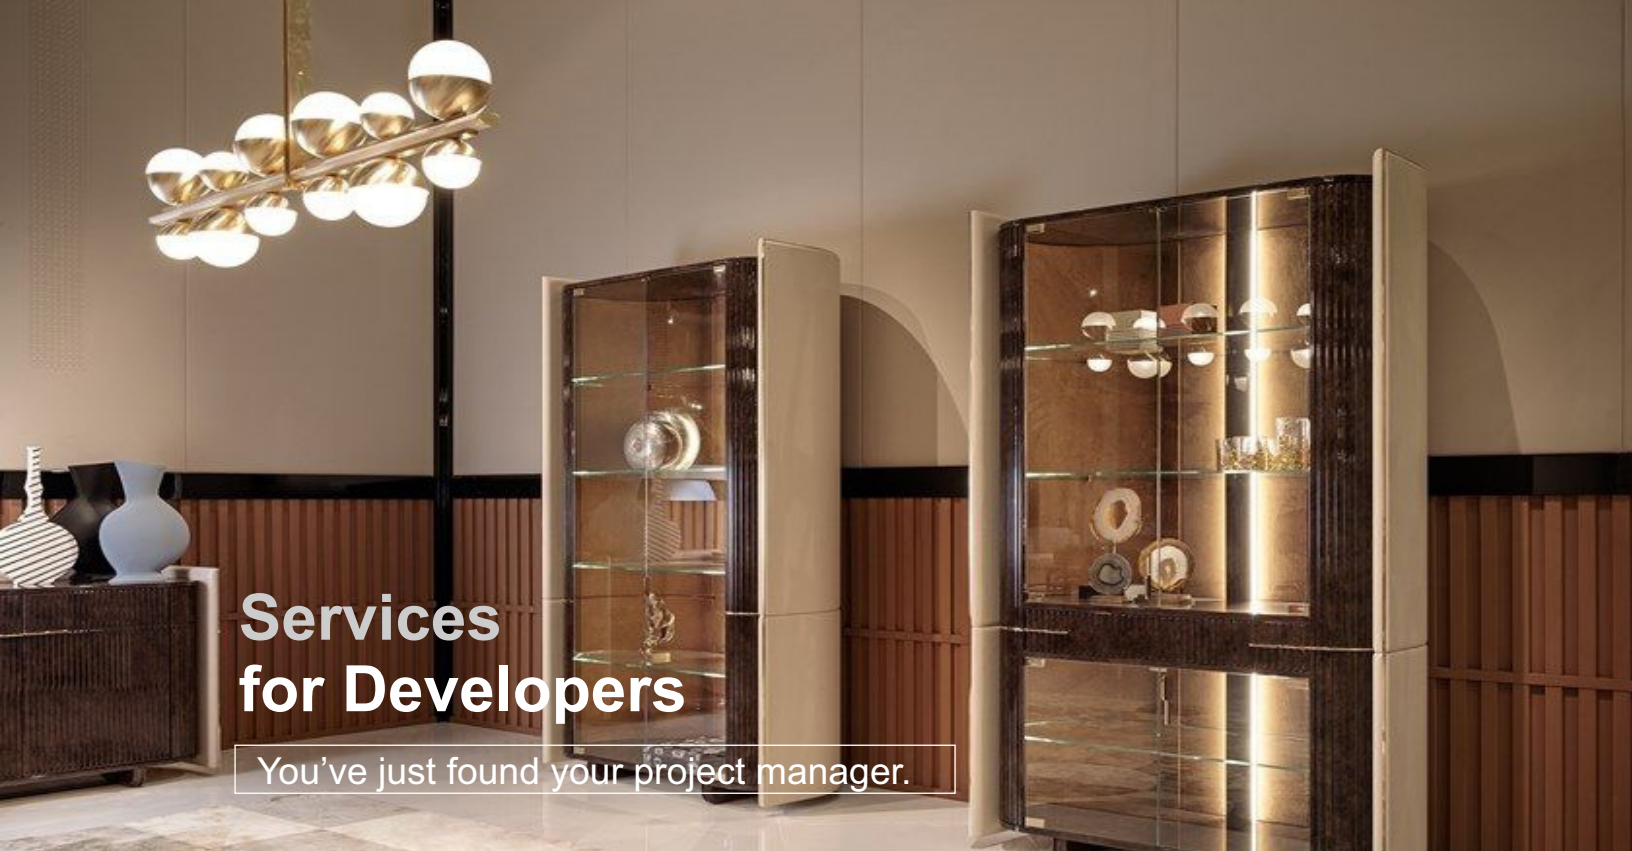

We take care of the practicalities.

Once quotes have been approved and the orders prepared, we manage everything to do with logistics.

A team of professional fitters

If required, our team of technicians can take care of the fitting and assembling of all furniture.

Services for Developers

You've just found your project manager.

The more challenging the project, the more we put to work the range of our skills: from interior design to logistics, via supply, time and cost management.

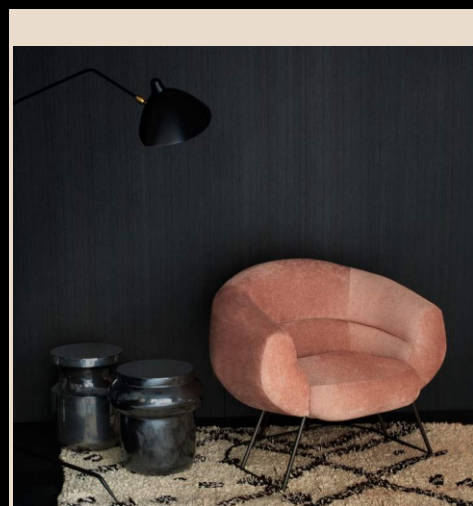

We develop the concept.

Starting with your brief, we come up with the concept and moodboard to share our ideas with you.

We design spaces down to the details.

We take a holistic approach to interior design – from putting together a project book complete with space plans to renders. We also offer systems and lighting design services.

We find the right products.

We select furniture and finishes. We work with trusted craftspeople to offer our clients bespoke products. We even curate the styling, teaming with experts to pick artwork and decorative objects and accessories.

We manage the whole process.

Placing orders, getting quotes, organising deliveries and fittings and providing post-sales assistance. Intricate Designs manages the whole process.

LIVING ROOM

People spend a lot of time in the living room, so it does not only needs to look great, but it also needs to be functional and comfortable. Mastering this trifecta can be a design challenge for sure, but we're a team of professional with focus on needs while producing luxury living room furniture with modern designs and architecture, designing and developing best-to-fit high quality furniture.

Special designer projects

We work with architects and designers on special projects which can be customised to suit different destinations.

Our exclusive projects

We make dreams come alive. Thanks to our experience and an extensive network built over the years, we're able to offer ad hoc solutions, adding the unique quality of craftsmanship to your project, whatever the scale.

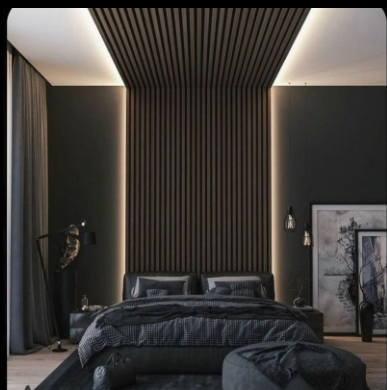

The beauty of bespoke

We work with talented craftspeople who push materials to their full potential. We use complex methods to craft bespoke objects and surfaces that perfectly adapt to the context in which they will be inserted.

Our Philosophy & People

The pieces
that make
up the
puzzle.

A company is the result of a combination of factors – its history, its employees, its business field, its culture and its working method. These define Intricate Design's values.

People

We're a team of expert professionals. We are competent and passionate about our jobs.

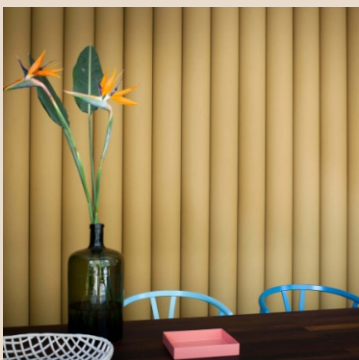

Experience

Furniture and design are in our DNA. They've been our everyday life for many years.

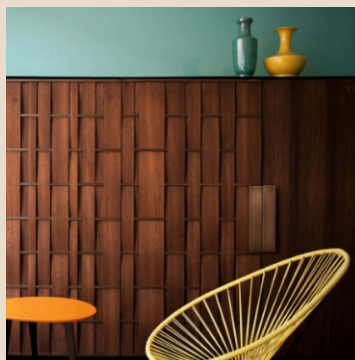

Trust

Asking someone to design your home is a bit like handing them the keys. That's why trust is essential.

Research

We search for beauty everywhere. Driven by curiosity, we journey through art, crafts and everything that surrounds us to bring you the very best design.

Quality

We select well-designed products that are made to the highest standards of quality and sustainability, with materials destined to last.

Completeness

Intricate Designs is a complete universe catering to all your needs – whether it's a product or a service, a manufactured item or a bespoke design.
